

28.9.15

Could all parents/carers please ensure that any older siblings collecting younger children **do not ride their bikes on the school grounds**. There are a growing number of high school pupils, along with their friends, picking up St Mark's children who are riding bikes around the junior playground from 3:20pm onwards. This is not allowed as it poses a danger to parents/carers and children alike who are waiting to pick up and leave the school grounds. Many of those on bikes have been spoken to already by members of staff here in school, on more than one occasion, but continue to ignore the request.
