Subject: Maths Parent Workshops 9th February 2016

Dear Parents/Carers,

We would like to invite you into school on Tuesday 9th February to take part in a Maths workshop alongside your child. The aim of the workshop is for you to see, firsthand, the type of activities your child participates in as part of their daily maths lesson. In addition there will be an opportunity for you to also see teaching and learning strategies used to help children's understanding. Further details will follow but we wanted to give you advanced notice should you wish to join us on the day. Please find below the times for each phase within school.

Nursery/Reception-9:00-10:00am

KS1-9:00-10:00am

KS2-10:15-11:00am

We will provide refreshments during break for those parents/carers attending the EYFS/KS1 workshops who wish to stay on for the KS2 session at 10:15am.

Many thanks

Mr D Kay
