Dear Parent or Carer,

Parental Questionnaire

Families play an important role in the success of children in school. There are many different ways that you can get involved and support your children's learning. Whether you attend PTA meetings, volunteer in your child's classroom, take your child to cross country races, or just read with your child at home each night, you are making a contribution that will help your child do well in school.

We at St Mark's School value the relationship we have with our parents, but we'd like to make it even better and develop a stronger understanding of your views and ideas for the school. We are asking for your thoughts through a questionnaire which will be sent home with all Reception up to Year 6 children this week. Families with more than one child in these Year Groups should complete one questionnaire per child.

Please return the completed survey, in the envelope provided, to your child's teacher or the school office by **Monday 12th October**.

Once all the questionnaires are collected, we will begin the process of analysing the findings, and we anticipate being able to feed back to you in the Spring term.

If you have any questions about the survey please speak to Mrs Barry in the first instance, or Mr Kay, and we will be happy to help you.
