

Tree surgeons will be felling two diseased trees in the 'triangle' between the lane and the church car park on **Friday 27 November**. They plan to start at approximately **9.15am and finish by 3.00pm**, so it *should not* affect the Out of School Provision, or the use of the church car park by parents/carers. However there is always the possibility, though, that the work might over run. Could you all please be aware that **the car park will be closed during the day from 9:15am** and be prepared in case the car park is not open at the end of the school day. We will keep you updated of the work throughout Friday so as you are informed and can make alternative arrangements should you need to at 3:30pm.

Apologies for any inconvenience.
